

# OPEN DATA INDEX

[index.okfn.org](https://index.okfn.org)

**Igniting conversations between citizens  
& governments around open data**

## OPEN DATA INDEX

An exciting initiative to assess the state of open government data across the world.

Driven by civil society communities & open data experts worldwide.

Benefitting citizens, businesses & civil society by driving key national information to be available to all - government, public money, legislation, pollution & more.
